British Fleet Repels Attack On French Coast

London, Oct. 21.—A dispatch to The Times from a correspondent in Belgium says: "The latest war news causes great unrest among German officers. All festivals have been cancelled and all available troops sent to Newport. A German general has succumbed."

The British fleet continued to cooperate with land forces in repelling attack on the French coast.

Battle Still Raging In Central Galacia

Vienna, Oct. 21.—The following official statement was issued today: "The battle in Central Galacia has increased in force, and our attacks are progressing. Attempts by Rus-

sians to regain heights northwest of Lemberg were repulsed. Many Russians, including one general, and several machine guns were captured. Austrians have occupied Stryi after strong resistance."

Its part in the matter. The Coast Line secured the consent of the State Railroad Commission to dispense with the train, without consulting the wishes of the people of this section.

HERE'S THE BIGGEST POTATO IN CAPTIVITY

W.H. Bishop, a negro living in the northeastern part of town, sends to The Eagle office a sweet potato that is probably without a competitor as to size. It has been dug about ten days and now weighs sixteen and one-half pounds.

The potato is also something of a curiosity as to shape and is full of big cracks. It is more than a peck according to the weight of sweet potatoes.

It may be shown at the Fair.

OSTEND HELD BY GERMANS.

BOWDOIN BACK FROM SAVANNAH

Assistant Superintendent J. A. Bowdoin of the Atlantic Coast Line Railway was in Dothan yesterday, he having recently returned from Savannah where he probably conferred with high officials of the road.

It is not known whether his trip to Savannah had anything to do with the fight which has been started here by citizens and the Dothan Chamber of Commerce against alleged high-handed methods of the railroad and State railroad commission in regard to the proposed taking off of the Abbeville-Dothan-Bainbridge train.

Much public sentiment has been engendered not only against the railroad company but also the Alabama Railroad Commission for

WAIT GRANTED; BOND REQUIRED

Judge L. D. Gardner Grants Temporary Injunction Against City Provided Complainants Make \$7,500 Bond By Nov. 8.

Unless W. M. Hunter and others who brought proceedings against the City of Dothan to prevent the erection of a city hall building upon the old site, North St. Andrews street, file bond in the sum of \$7,500 before November 8, the order granting a temporary writ of injunction will be null and void, according to an order made by Hon. L. D. Gardner, associate justice of the Supreme Court of Alabama.

W. M. Hunter and others instituted proceedings against the City of Dothan, and Spitzer, Horick & Co., in Chancery Court asking for an injunction. Chancellor W. R. Chapman of the Southeastern Chancery Division, denied the writ August 29. The case was then presented to Hon. L. D. Gardner, associate justice of the Supreme Court of Alabama seeking a temporary writ of injunction. Judge Gardner has instructed Register in Chancery C. E. Harmon as follows:

"Upon complainants entering into bond with good and sufficient surety to be by you approved and payable and conditioned as required by law in the penal sum of \$7,500, you will issue a temporary writ of injunction against respondent, City of Dothan, as prayed for in the foregoing amendment to the bill of complaint. This the 7th day of September, 1914, L. D. Gardner, Judge."

Following this action, City Attorney P. H. Hill made application or filed a petition to Hon. L. D. Gardner for a limitation of the time in which the injunction bond of \$7,500 shall be given, and Judge Gardner has fixed the time for the bond to be given by November 8. If the bond is not executed, filed and approved upon the date mentioned, the Judge has instructed that the order granting the temporary writ of injunction shall not issue, but shall become null and void.

Services AGAIN TONIGHT AT LA FAYETTE AVE CHURCH

Dr. W. P. Dickinson conducted last night's services in the series of meetings at the LaFayette Avenue Methodist church and will preach again tonight at 7:30.

Services will continue throughout the week at 7:30 each evening. The public is invited to attend.

EYE TROUBLE CAN BE CORRECTED

If you are suffering from headache, nervousness, granulated or any eye trouble, be sure to consult Dr. Maslow. He has cured thousands of people and he can cure your eye trouble by his scientific fitting with the proper glasses.

Dr. Maslow has over 22 years experience in examining eyes and fitting glasses only. In that time he has examined and fitted glasses to over 40,000 people. This record will speak for itself.

Dr. Maslow can be seen every Thursday, Friday and Saturday. His office is at 111 East Main St., on the same floor with Dr. Mondy, over the Cash Drug Store.

TAFT PRAISES PRESIDENT WILSON'S NEUTRALITY PLAN

Ex-Chief Executive of United States as President of the American Bar Association, Delivers His Annual Address.

Washington, Oct. 21.—Professor William Howard Taft, praises the policies of President Wilson in meeting the war crisis in his address last night as President of the American Bar Association, which is in annual session here.

He contrasted the peaceful meeting of the association on foreign soil at Montreal last year with the present situation of "each half of the European world rejoicing at the enormous losses, reaching into the hundreds of thousands, of the other half."

"Such human catastrophe, such a cataclysm in history, beggars a vocabulary inadequate description and throws gloom over the entire world," he continued. "It makes the peaceful administration of justice, and a discussion of plans for its improvement, seem prosaic and uninteresting. While we stand aghast at this awful welter of blood, destructive of the happiness of Europe, we are profoundly grateful for our splendid isolation and the freedom from entangling alliances which Washington enjoined upon the American people.

"The overwhelming importance to us of keeping out of the struggle has led President Wilson to warn the American people in their public expressions and actions to maintain as far as possible, an impartial attitude, and in this appeal he should have the warmest approval and the sincerest co-operation of all of us. Most of us do not understand how much significance European peoples give to hostile expressions of our press and of prominent men, which they are quite inclined to regard as either inspired or at least acquiesced in by our government, and as embodying the views of the entire people. They do not appreciate the comparatively little weight in judging our national attitude that ought to be given to editorial expressions, or hastily prepared communications based on current reports necessarily inaccurate or biased. The language of the President, in which he declined to be drawn into a decision or an expression of an opinion on the complaints of belligerents, was most admirable, and showed to the world that we must show, that we do not intend to be drawn into this controversy in any way; that while we are willing to assist as much as possible in bringing about peace our attitude as judges cannot be invoked until we are given formal authority, with a stipulated condition by the parties to abide the judgment.

"We are the principal nation, and I might also say the only nation, of the Christian world not so related to the struggle that both sides may really regard us as disinterested friends. It is our highest duty, and the President makes plain his earnest appreciation of this, not to sacrifice and destroy this great leverage for successful mediation when the opportunity arises, by ill-advised and premature judgments upon the merits. The sensitiveness of the struggling participants to every view, friendly or hostile, is most

MUCH INTEREST IN RACE HORSES

Thousands of School Children are Expected in Dothan on Educational Day, Friday, October 29th.

With only four more days until the first exhibition of the Southeast Alabama Fair Association in Dothan, and with the fair grounds presenting a scene of various activities, the prospects are that the first big show will be a great success both in exhibits and attendance.

Much interest seems to be centered in the practice horse races, motorcycle races, and various other stunts that appeal particularly to all who love sports. There are already a number of horses at the grounds, and more coming. So great has been the demand for space that more stalls are being built.

C. B. Tansey of Vincennes, Indiana, who has been racing horses at the Meridian, Miss., fair, has written Secretary Thomas from that place saying he will come to Dothan and enter about two fine horses. Tansey will be remembered on the big race course as the owner and driver of Ben McGregor, the sensational trotter that won all the thousand and dollar stake races last year.

Educational Day.

Among educators in Houston county, most interest probably is centered in Educational Day, Friday, October 29, at which time it is expected to have several thousand school children in Dothan. The County Board of Education, in session yesterday, decided for the purpose of encouraging exhibits and attendance upon Educational Day, to grant holiday to all schools which include full pay to the teachers attending that day.

At the request of the county board and the educational committee, Supervisor O. O. Tolleson has consented to take charge of the educational department for the week. He will receive all exhibits and aid in placing them.

More Premiums.

For the special benefit of the rural schools Mr. Tolleson has arranged with the committee to add the following to the premium list for this department as published in the catalog:

MORRIS MAKES GOOD RECORD

C. J. Morris, captain of the Dothan Guards, who with four other members of the company, is attending the divisional shoot of the National Rifle Association at Black Point range, near Jacksonville, is making a great showing. He won first prize in the Divisional Marine Corps match, which was \$16 in cash and a gold medal. In the Rapid Fire Match, at 200 and 300 yards, ten shots to the minute, Captain Morris won second prize. He also participated in other matches, making a good record.

The States of Alabama, Georgia, Mississippi, North Carolina, Florida and Tennessee are represented at the Black Point shoot. There are fifteen militiamen from Alabama in the shoot, five of whom are members of the Dothan Guards. The local organization has for years been foremost in efficiency, and nearly always takes premiums when they are offered.

Yes, There Are Many. It's wonderful how many people there are who resemble the small boy who peels his apple to commence with, but eats the peel after all.

PUPILS SHOULD STUDY AT HOME SAYS SUPT. BROWN

(Continued from Page 1.)

Their work all comes in the afternoon. It will be impossible for them to prepare their lessons for the next day at night. Several hours of the mornings, by all means should be devoted to careful study at home. Those pupils who leisurely spend the morning hours downtown or riding about over the city most certainly will not make satisfactory progress at school. I believe the future will bear out the truthfulness of this statement. We shall wait to see.

There are parents who are already planning to use their boys in some kind of employment during the mornings of each day. All these pupils will fail to do satisfactory work and will ultimately fail before their classes.

The conditions under which we are working at present are unsatisfactory, but the co-operative spirit, so much boasted of, can overcome many of these inconveniences and difficulties and I trust we may do it.

Whenever and wherever there are objections and criticisms to be made regarding the work, I shall be glad to have them brought either to the Principals or Superintendent. If they can be remedied we shall endeavor to do so.

Respectfully,
(Signed) J. V. BROWN,
Superintendent City Schools.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Lustre and Abund. hair.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50c bottle of "Wyeth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Hamlet in South Africa. It can hardly be expected that "post impressionism" will be confined to pictures in the future. A friend writes from South Africa that some genius out there has done "Hamlet" in the Taal and quoted the following example, which seems to me extremely post-impressionistic. Here it is: Hamlet—"Wie is u?" Ghost—"Ik is ons spook." Hamlet—"Wies spook is al?" Ghost—"Ik is yu papa's spook."

The Rivals. It was at Nice. Two English girls are standing at the foot of a hotel staircase roaring with laughter. "For pity's sake; Mabel, don't!" said one of the matrons who were with them. "They'll take you for one of those horrid American girls." An American girl happened to be standing at the head of the stairs and quietly observed: "I guess not with those awful big feet!"

Look to the food. Eat heartily of hot breads, hot biscuit, hot cakes, made light and tasty with Royal Baking Powder, and snap your fingers at dyspepsia. It is the tasty, appetizing food that aids digestion.

There is a quality in Royal Baking Powder coming from the purity, wholesomeness and fitness of its ingredients, which promotes digestion. Food raised by it will not distress. This peculiarity of Royal has been noted by hygienists and physicians, and they are accordingly earnest in its praise, especially recommending it in the preparation of food for those of delicate digestion.

THE HIKERS—

We moved in last September.
And distinctly I remember
Twas the steam that she wanted.
And she said
She was crazy in addition
For a dining room in mission
And the den was simply perfect
Being red.

Now she's weary of the mission
Dining room. It's her ambition
To serve ham and eggs in one
with
Panels walls;
And she wants a bedroom pink,
And a wider kitchen sink,
And some blue and yellow paper
In the halla.

Every autumn, every spring,
Just like birds we're on the wing,
For a change in decorations,
To her liking.
And I'll gamble when she dies,
That her mansion in the skies
Won't be finished exactly
To her liking.

DOTHAN WOMAN AUTHOR OF SONG, "WELCOME TO DOTHAN—

Mrs. W. S. Wilson has written a song of welcome to Fair visitors. The air is very pleasing as are the words, both composed by this gifted Dothan musician.

The cover shows splendid pictures of Dothan buildings and street scenes.

Everybody will want a copy for its general merit and as a souvenir of Dothan's first Fair.

Copies are on sale at several places here now.

LADIES URGED TO CO-OPERATE WITH CULINARY DEPARTMENT AT THE FAIR—

To be of service to our fellowmen we must not be thinkers or dreamers alone but doers as well. Fair week is drawing near and the ladies of Dothan are urged to co-operate with the committee in charge of the Culinary and Domestic Department.

Special prizes have been offered for breads, pies, all kinds of cakes, candy, etc., and it is to be hoped that much interest will be manifested and that the display will far exceed our expectations.

Many may have already prepared jellies, preserves, canned fruits or pickles for home consumption and no doubt would be glad to contribute these and help make the department a success.

Being a stranger here and unacquainted I feel handicapped in knowing upon whom to call, so I should just like to say as chairman of this committee that any article furnished would not only be appreciated but also be cared for and displayed as advantageously as possible.

VINOL DID ME A WORLD OF GOOD

Woman Seventy-Five Years Old Exhausted by Effects of Grippe, Restored to Strength by Vinol.

Canton, Miss.—"I am seventy-five years old, and I contracted a severe cold and cough due to a case of LaGrippe, so that I lost my strength and became very weak and feeble. Vinol was recommended to me and after taking it for some time, I can truly say it has done me a world of good. The cold is gone, and my cough is practically cured and it has built up my strength, so I feel active and well again. I think a lot of Vinol, and tell all my friends about what it has done for me,"—Mrs. LIZZIE BALDRIDGE, Canton, Miss.

The reception hall and living room were artistically arranged, numerous bowls of Salvia and graceful Ferns added their beauty to the occasion.

Two tables were placed for the games, which resulted in Mrs. Ruth Walker making highest score and being presented with the club prize silk bow.

A delightful salad course was served by Mrs. Watford, assisted by Miss Alice Watford, to the following guests: Mrs. Bob Walker, Mrs. Oscar Stallings, Miss Idoline Brown, Mrs. T. H. McIntyre, Mrs. Ernest Ford, Mrs. J. S. Sherman and Miss

Old people may regain much of their former strength and vigor by taking Vinol, our delicious cod liver and iron tonic, on which so many elderly people depend for good health. Vinol sharpens the appetite, aids digestion, enriches the blood and in this natural manner creates strength.

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood building iron added.

THE RAREST TALENT—

"I feel of so little use in these progressive days," said a woman of mature years. "The woman of today is full of stimulating ideas. She is identified with important movements. She makes the most of her talents, but I—I—can do nothing. It seems as if I have so much to take up my time and yet I never do accomplish anything that will ever count the vast scheme of things."

"You have the rarest talent that the world boasts and you make the most of it every day," replied the visitor. "You are agreeable to live with."

Agreeable to live with! Unassuming phrase, with what a powerful reach! With domestic squalls so flagrant, divorce rampant, "incompatibility" a household word, the woman who is agreeable to live with is a mighty factor in the press of progress. She brightens the atmosphere about her at a time when there seems much effort expended to make people good, but little to make them happy. Such a woman has the gift of divinity. She glorifies the commonplace. She nourishes the nation.

It is splendid to uplift, to be articulate, to lead world movements, but there is little that so becomes a woman as to be agreeable to live with. It is a way in which those who tarry at home may keep step with their more conspicuously progressive sisters.—Mother's Magazine.

At 7:30 tonight Mr. Goulen will speak in the court house on "The Mission of the Church." He will take the Scriptures and show that the New Testament church is a spiritual organization and is entirely different from the church of the Old Testament.

You are cordially invited to attend.

Friends of Mrs. Fitzsimmons will regret to hear that she and her attractive little daughter, Charlotte, will leave Thursday for Malone, Fla., to make their home. Mr. Fitzsimmons has been gone for several weeks.

THOUGHTS FOR THE DAY—

When in doubt—smile. It may disarm the other fellow. If it doesn't you have not lost anything because you never could have disarmed.

Texaco High Grade Gasoline

GASOLINE 17 CENTS GALLON CASH

WE REDUCE THE PRICE

The market price of gasoline has not been reduced in several months, however we have from time to time been making reductions as our volume increased. Today the market is the same as it was two months ago, but our volume has increased to such an extent that we can give our customers and prospective customers the benefit of this reduction at this time, and at the same time put this part of our business on a strictly cash basis, therefore from now on we will not sell gasoline except for CASH ONLY.

Our price of 17 cents is the same as that of the oil wagons, so it is not necessary for you to trouble yourself looking for oil wagons when you can drive to our GASOLINE and OIL SERVICE STATION and get prompt service.

Also please bear in mind the fact that there are different grades of gasoline the same as of clothes, hats, shoes, etc., and when buying demand that you get a pure 65 gravity gasoline. Our TEXACO HIGH GRADE GASOLINE will stand this test every day in the week and sells for the same.

If you are not buying from us, begin now,—you'll be glad you started. We make it our business to please you.

Free Air

For the convenience of gasoline and oil customers, we are installing this week, a FREE AIR AND WATER station. When you drive to our Service Station, whether you want to buy anything or not, if you need AIR or WATER say the word and we are there to wait on you.
